Spec:	DETAIL- Error Bar
Design Status	Complete
Dev Status	Started

Icon	name	css classname
	close button	.icon.icon-set-steps.icon-size16.ic-headerclose .icon.icon-set-steps.icon-size16.ic-headerclose.hover
	error badges in description rows	.icon.icon-set-Badges.icon-size18.ic-errorbadge
	expanded / collapsed arrow	.icon.icon-set-panel.icon-size16.ic-arrowcollapsed .icon.icon-set-panel.icon-size16.ic-arrowcollapsed.hover .icon.icon-set-panel.icon-size16.ic-arrowexpanded .icon.icon-set-panel.icon-size16.ic-arrowexpanded.hover

Image	State	Comments
	Initial	large badge appears in lower right corner when there is an error on the canvas. <i>For V1, this will likely only show errors but for V2, we will add other badging capabilities (misconfigured, information, etc..)</i>
	User clicks on badge	Badge fades out, error panel slides up from bottom of screen. Pictured here: V1 version Slide and Fade animations: ANIMATIONS .

ANIMATIONS - V1

Image	State	Comments
	Open Error bar	<i>error bar slides up</i> <pre>.slide-up { margin-bottom: 0px; transition-property: all; transition-duration: .75s; transition-timing-function: cubic-bezier(0, 1, 0.75, 1); } while badge fades out opacity: 1 to 0 duration: 0.3s</pre>
	Close Error bar	<i>error bar slides down</i> <pre>.slide-down { margin-top: 200px; transition-property: all; transition-duration: .75s; transition-timing-function: cubic-bezier(0, 1, 0.75, 1); } while badge fades back in opacity: 0 to 1 duration: 0.3s</pre>
	Scale Animation on Badge	<pre>.*classname* { -webkit-animation-duration: 1s; -webkit-animation-iteration-count: infinite; -webkit-animation-timing-function: ease-out; -webkit-animation-fill-mode: forwards; } @keyframes *classname* { 0% { -webkit-transform: scale(1.0); opacity: 1.0; } 50% { -webkit-transform: scale(0.85); opacity: 0.5; } 100% { -webkit-transform: scale(1.0); opacity: 1.0; } }</pre>

States - V1:

Image	State	Comments
	Badge initial	background: #b71c1c; border-radius: 20px; height: 24px; width: 24px; background-color: #b71c1c; number in badge: margin-left: 8px; margin-top: 4px; color: #fff; font-size: 14px;
	Hover on badge	background-color: #2196f3 (highlight 1)
	Click on badge	error panel slides up, badge fades out. Details: Open Error bar *Bottom on error bar container is flush with bottom of page - no space below
V1 (simplified)		
	Initial / Normal	Colours and text: Text and Colours spacing/ alignment: Spacing and Alignment width: Fluid Width icons: ICONS ;
	Hover states	close button: use hover state Show me: Hyperlink 1
	Focus States	border on close button: 1px solid #2196f3 (highlight 1) Show me: Hyperlink 1
	Hover + canvas interaction	when user hovers on "show me", step on canvas will react: - border changes to 2px #2196f3 (highlight 1) - scale animation on badge Scale Animation: Scale Animation on Badge
	Details exceed single line	Sentence will truncate with ellipses and small arrow
	Spacing for expand / collapse arrow	Spacing: arrow should appear inline with text
	hover on arrow	Hover on arrow
	click on arrow	full text is shown: -arrow flips 180 degrees -arrow remains at end of first line of text -text moves up: align badge with horizontal center of details area
	More than 3 error details	Use standard scrollbar for light backgrounds: Dark version on light background

States - V2:

Same styling as V1 with these additions:

V2 Version	General	Comments
	General	- Replace "error" title with on header - Badges can be toggled on or off to show/hide information below header -When more options are added, we will exchange the title text with badges
	Initial	- both badges will be toggled on by default
	Hover states	Badges: hover state is same as selected state for badges
	Focus State	Badges: border: 1px solid #2196f3 (highlight 1) height: 24px width: 24px
	Selected states	Badges:
	Selected or Hover + Focus State	selected, as above with hover, as above

Spacing and Alignment

Image	State	Comments
	spacing	purple: 16px red: 10px green: 8px
	height/ horizontal alignment	height: 34px details rows: 18px Errors title and close button align horizontally with center of header Badges and text in details align horizontally centered within 18px row
	vertical alignment	red lines show alignment of items on left and right

Text and Colours

Image	State	Comments
	background and borders	background-color: #f7f7f7 border-radius (top): 2px borders (all): 1px solid #ddd
	text	Title: font-size: 1.2rem font-color: #4e5758 Details: font-size: 1.2rem font-color: #4e5758 Show me: Hyperlink 1
